Gulamakeda, Fasi
Exemplary agroforestry work

A wide-angle photograph of a dry, arid landscape. In the foreground, a dirt road or path winds through sparse, low-lying vegetation and scattered rocks. The middle ground shows a vast, flat expanse of dry earth. In the background, there are several low, rounded hills or mountains under a clear, pale blue sky. The overall scene is desolate and open.

Mezabre Nursery

BEAUTIFUL

A woman wearing a bright blue headscarf and a green long-sleeved shirt is crouching in a nursery field. She is focused on her work, possibly tending to small plants. The field is divided into rows by low stone or brick walls. The background shows more of the nursery and some trees.

Dam construction

Adwa, Keren

Hard work for dam construction

Adwa, Addis Alem

Unsatisfaction situation with canal

Adwa, Maytium

Nice fruit trees thanks the irrigation
project

The image shows a rural landscape in Adwa, Ethiopia. In the foreground and middle ground, there are several Maytium trees, which are characterized by their large, deeply lobed leaves. These trees are interspersed with vegetable gardens. The gardens contain various types of leafy green vegetables, some of which are growing in raised beds. The ground is a mix of green vegetation and brown, dry earth. In the background, there are more trees and a large, brown, rocky hillside under a clear sky. The overall scene depicts a typical agricultural setting in the region.

and vegetable gardens

Adwa, Maytium
... and happy
farmers

Adwa, Maytium
more than 100 farmers S+WC

A photograph of a dirt path with several circular depressions or 'half-moons' in the soil, likely from a vehicle's tires. The path is composed of reddish-brown soil and small rocks. The depressions are arranged in a line, suggesting a vehicle's path. The text 'Adwa, Maytium' and 'exemplary nice half-moons' is overlaid on the image in yellow.

Adwa, Maytium
exemplary nice half-moons

**Adwa, Endaabagerima
beautiful vegetables**

A photograph showing a lush green agricultural field, likely a cornfield, in Adwa, Ethiopia. A stone canal runs along the left side of the field, providing water. The background features rolling hills and mountains under a clear blue sky. The text overlay reads: Adwa, Tahtay Legomti green thanks water from dam and canal.

Adwa, Tahtay Legomti
green thanks water from dam and
canal

Adwa, Tahtay Legomti
Harvest corn in May thanks water

Adwa, Debre Genet Market
Sell products from the garden,
Get some income

Laileymaichow, Seglem
Still water in the shallow wells

Laileymaichow, Seglem
Garlic harvest thanks to the shallow
wells

A woman with dark hair pulled back, wearing a vibrant blue shawl, stands in a field. She is smiling warmly at the camera. In her right hand, she holds a long wooden handle with a dark, pointed metal head, likely a tool used in agriculture. In her left hand, she holds several bright green, unripe tomatoes. The background shows a vast, open field with some green plants and a line of trees in the distance under a clear sky.

Good nutrition for the children

Adwa, Simret

Beautiful landscap – Simret Tabia

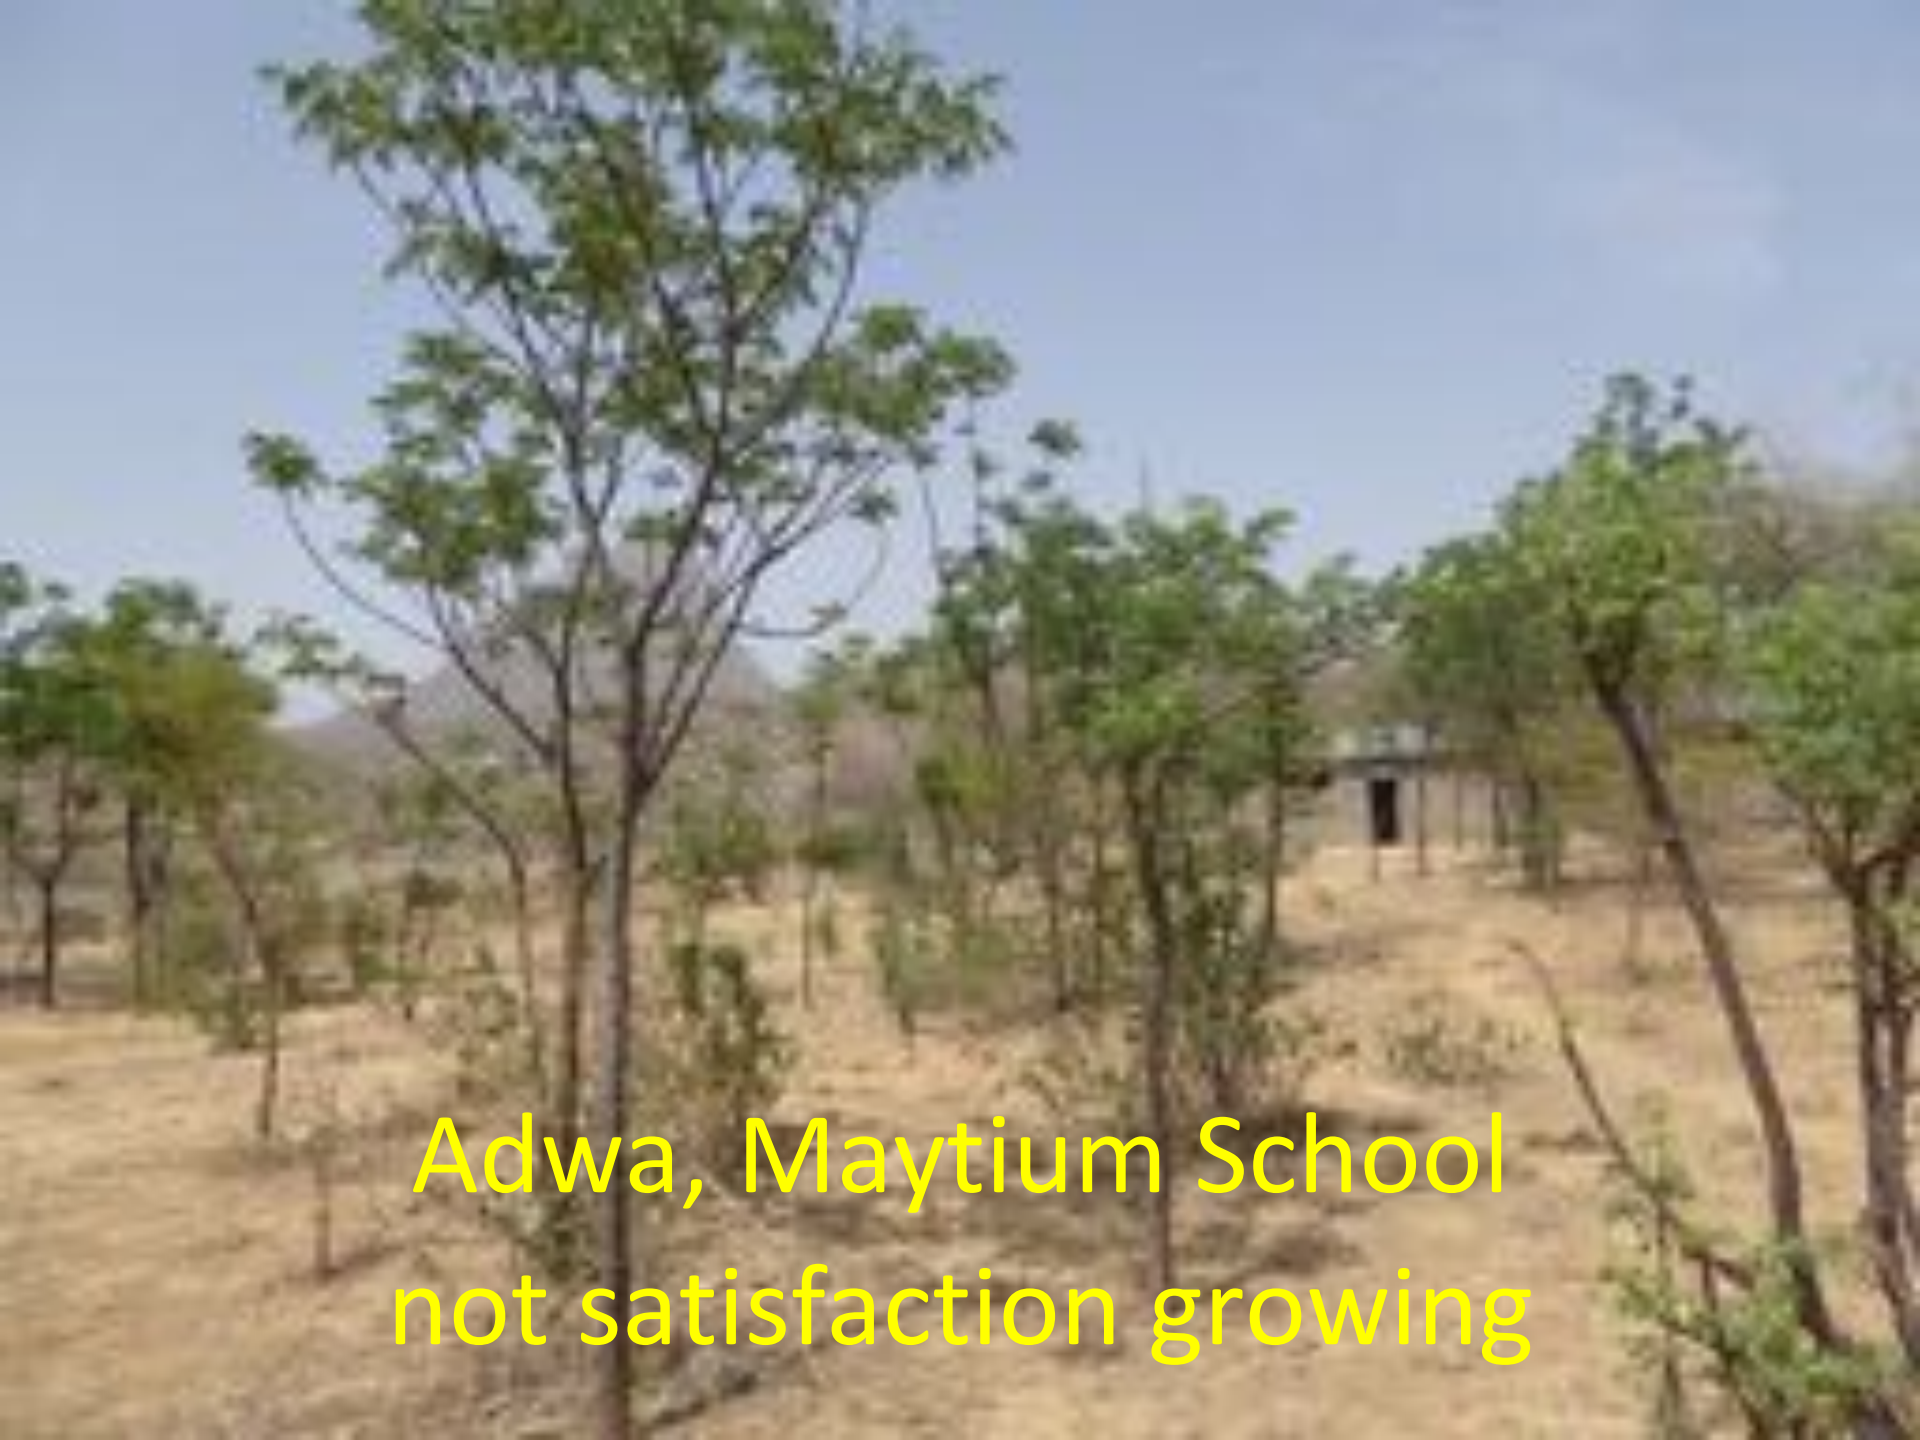

Simret School
Natural Resource Lesson

Adwa, Simret School
Students watering her trees

**Maytium School
Medication for Students
Protect against BILHARZIA**

A photograph of a dry, open landscape. The foreground is a field of dry, yellowish-brown grass. Several trees of varying heights and densities are scattered across the scene. In the background, a small, simple building with a dark doorway is visible. The sky is a clear, pale blue. The overall impression is of a semi-arid or arid environment.

Adwa, Maytium School
not satisfaction growing

water for plants at school

This is the end of my short report about the visited project sites. I am very happy about the success, I am very proud of the people who implement our projects, I am very grateful to our donors. I am very happy to have the chance to implement such sustainable projects in Ethiopia.

Travelling through Ethiopia means learning the way of life of the people.

some impressions.

May is wedding month

Dangerous work for construction

Intensiv rain falls in Senbeta, Oromya

Drought in Tigray

As soon as there is rain, farmers are ploughing

Young donkeys everywhere

Funeral

Road closed because of tent,
needed for 1 week funderal mourning

«Daily business . . .»

animals

animals

Searching for GOLD

to meet again after 12 years at Maytium

Still reality in some schools

marvellous landscapes

nice people

Life changing projects of GET
